## EDUCATION

---

### Pragati Engineering College

Information Technology Bachelor of Technology

Percentage: 71.52%

Surampalem

Oct 2022 - Jun 2026

### Tirumala Mahila Kalasala

MPC 12th

Percentage: 88.3%

Rajahmundry

Jun 2020 - Jun 2022

### Tirumala English Medium School

SSC 10th

CGPA: 10

Rajahmundry

Jul 2019 - May 2020

## EXPERIENCE

---

### SmartBridge | MERN Stack Developer

May 2025 - Present

### Edunet Foundations | Azure AI Developer

May 2025 - Present

## SKILLS

---

Programming Languages: C, Java, Python

Libraries/Frameworks: JavaScript, Django, Flask, Data Analysis Libraries

Tools / Platforms: Git, VS Code

Databases: SQL, MongoDB

## PROJECTS / OPEN-SOURCE

---

### Anemia\_Cure | [Link](#)

*Python, HTML, CSS, JavaScript, Dockerfile*

- **Anemia Cure** is a **Flask web application** that uses a **Machine Learning model** (model.pkl) to predict the likelihood of **anemia** based on user input data, featuring a **login/signup system**, **history tracking**, and a **user-friendly interface** built with **HTML, CSS, and JavaScript**.
- The project is **Dockerized** for easy deployment and integrates a **SQLite database** for user management and prediction storage, promoting **health awareness** with dietary recommendations and visuals.

## CERTIFICATIONS

---

- Salesforce AI Associate - **Salesforce**
- ServiceNow System Administrator - **ServiceNow**
- Microsoft AZ-900 - **Microsoft**
- Google Cloud Digital Leader - **Google Cloud**
